Model 7713LB Rechargeable LED Motion Sensing Headlamp

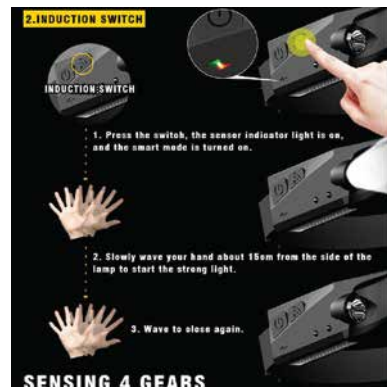

June 2024

Rechargeable LED Motion Sensing Headlamp

Lightweight and comfortable, this USB rechargeable headlamp will illuminate your viewing area without moving your head for 230° visibility. Water and impact-resistant makes the 7713LB ideal for outdoor use. It features 5 light modes, a spotlight, a touch switch, and a motion sensor switch that allows you to control the headlamp with a wave of the hand.

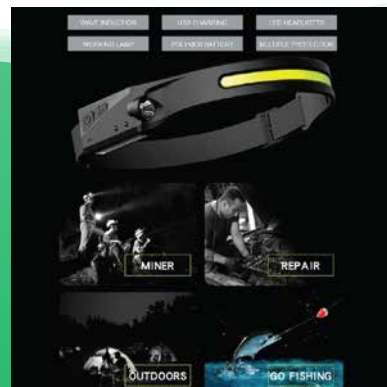

USB Rechargeable with 5 Light Modes:
COB high, COB low, XPE high, XPE low,
and strobe mode

Motion Sensor Induction Switch:
Quick ON/OFF by waving your hand
