Model 7701 HDNS Intrinsically Safe Personal Dual-Light Headlamp

July 2024

Dual-Light Headlamp - Spotlight/Floodlight

This intrinsically safe headlamp features dual-light technology, with a focused spotlight and area floodlight at the same time. Even wearing heavy gloves, you can easily toggle through the beam options with its enlarged, front-mounted dual switches. Dustproof and water resistant, this dual-light headlamp is made for hazardous work environments.

Hard hat mount.

Dual-Light Technology, focused spotlight and area floodlight at the same time.
